Re: Remediation / Extra Help Information

We have found that sometimes there are topics which prove difficult for students to grasp, and they need more time and individual attention to develop an understanding for the subject. To assist them in this regard, we have programmed times for teacher assistance. The schedule for the High School in this area is as follows:

*Tuesday: English
Science
Communications*

*Thursday: Social Studies
World Languages
Physical Education*

*Wednesday: Office Systems/Technology
Mathematics*

*Friday: Art
Music*

Each teacher is available for one hour on the day the department is assigned.

In case of a conflict with another subject, arrangements can be made with the teacher to come on another day or before the school day begins.

If after working with the teacher, a problem still exists, the student should speak with the appropriate supervisor.

Please be sure to encourage your child to take advantage of this service. It can often prove to be a great assistance towards the successful completion of a course.
