Junior Aviator Family,

We had a great week at the Middle School. I would like to thank Mrs. Christianson and Mr. D'Amico for setting up our Character Education Day on Wednesday, for all 6th and 7th grade students, which was a huge success! Our students and staff had an amazing time interacting in each of our activities and it was a special day for everyone involved! Students also really enjoyed the guest speaker, Charlie Brenneman.

Also, a special thank you to Mr. Barchini, along with the HS and MS staff, for making the PSAT a huge success in grades 8-11. We are excited that our Junior Aviators got to experience the PSAT assessment. We will distribute and explain scores when they are made available.

Congratulations to our newest BETA Club Members! I am extremely proud of these Junior Aviators for earning their induction into this prestigious club, which is a reflection of their hard work, dedication, grit, character, and academic excellence! A special thank you to Mr. Muska and Ms. Coffey for a beautiful ceremony last night.

Yesterday was the middle of marking period 1. Please check your grades and reach out to your teachers and guidance counselors if you have any questions.

Have a great weekend and good luck to all of our Junior Aviator Athletes! *Joseph Mastropietro*
