

Notification of the Use of Pesticides

(This notice should be received at least 72 hours prior to pesticide use)

Date Issued: 5/23/23

To: Parents/guardians of students, and staff of Depken Field

From: **The School IPM Coordinator:** Gerry Mihalitsianos **Phone Number:** 201-288-6150

This notice is to advise you that the following pesticides will be used at Depken Field

Pesticide Common Name	Pesticide Trade Name	EPA Registration Number
Crab Grass Pre Emergent	Barricade 4L Herbicide	100-1139
Pesticide Common Name	Pesticide Trade Name	EPA Registration Number
Broadleaf Weed Control	Escalade 2	228-442
Pesticide Common Name	Pesticide Trade Name	EPA Registration Number
Vegetation Control	Finale	431-1229
Pesticide Common Name	Pesticide Trade Name	EPA Registration Number
Grub Control	Merit 2F	432-1312

Location of the pesticide application: 244 Oldfield Ave Ave Hasbrouck Heights NJ

Reason for the pesticide application: Fertilization, crab grass and broadleaf weed control

If an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled; and the time the application is scheduled to occur.

DATE / TIME 5/26/23 7AM DATE / TIME 5/27/23 7AM DATE / TIME 5/28/23 7AM

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

Pesticide product label instructions and precautions related to Public Safety.

7 Hour Re-Entry

Note: as required by law, we are advising you of the following statement:

The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:

"Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."

REMEMBER: Whenever a non-low impact pesticide is used on school property there is also a Restricted Entry Interval (REI) that begins when the pesticide application ends. This Restricted Entry Interval last for seven hours unless the product label uses NUMERIC LANGUAGE, e.g., 4hours or 12 hours; directing a longer or shorter period of time. If the product label does not discuss Restricted Entry the period of time defaults to seven (7) hours.

Notification of the Use of Pesticides

(This notice should be received at least 72 hours prior to pesticide use)

Date Issued: 5/23/23

DATE _____ TIME _____

If an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled.

DATE 7/16/2022 DATE 7/17/2022 DATE 7/18/2022

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

May cause mild irritation to skin and eyes. Ingestion of large amounts may cause gastrointestinal disorder, nausea, vomiting, diarrhea, or pain in the abdomen. Inhalation may cause moderate irritating to the mucous membranes. Inhalation of sprays may cause burning sensations in the respiratory tract, resulting in coughing.

Pesticide product label instructions and precautions related to Public Safety.

Causes minor eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating drinking, chewing gum, or using tobacco. Remove contaminated clothing before reuse. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals.

Note: as required by law, we are advising you of the following statement:

The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:

"Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."
