<p>The word peace is powerful and beautiful. It can be used to describe a place where no one is hurt, where conflicts are resolved peacefully, and where all corners are filled with love and care. Peace is very important for societies to develop their capacity to adapt to shocks and manage disagreements. It can also help them build trust and cooperation. Peace is a time without any fights or wars.</p> <p>Animal: Manatee - A large gray aquatic mammal that has a flat, paddle-shaped tail. It has two forelimbs, which are called flippers.
