May Big Idea: Initiative	Thank you to the HH Fire Department and HH Police Department for hosting our Kindergarten Classes.
<p>Be a problem solver. Initiative is like having special glasses that help you see problems and find solutions. When you notice something that needs to be done, don't wait for someone else to do it – be the doer and take action! Don't wait for things to happen – make them happen! Whether it's starting a new project, helping a friend, or cleaning up a mess, you have the power to take charge and get things done.</p> <p>Animal: Beaver-Beavers take the initiative to build dams in rivers and streams to create ponds for their habitats. This initiative showcases their proactive approach to modifying their environment to suit their needs. Beavers take the initiative to forage for food, such as tree bark and aquatic plants, to sustain themselves and their families. Just like the industrious beaver, you too have the power of initiative within you! When you see something that needs to be done, don't wait for someone else to take charge—be like the beaver and take action yourself!</p> <p>Color: Chocolate Brown</p>	

<u>NJSLA Test Dates:</u>
5th Grade: Science 5/19 and 5/20
