Medication In School!

*****Policy #5330 Administration of Medication*****

- Students are **NOT** permitted to carry medication in school without written consent.

A student who needs to carry medication during school hours **must** have a **written note** on file with the **school nurse**, signed by the prescribing physician, as well as the parent or guardian.

- Please contact the **Mrs. Neumann** **OR** **Mrs. Perdomo** if you have any questions or concerns.

What is the exact definition of HIB?

Harassment, intimidation or bullying means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L.2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students **AND THAT:**

- **a)** a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; **[or]** **b)** has the effect of insulting or demeaning any student or group of students [in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school]; or **c)** creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

What to do if you believe HIB is occurring?

- **Contact your child's Guidance Counselor, Teacher, Child Study Team member, Vice Principal or Principal via telephone or email to report any potential acts of HIB.**

HIB Investigation Timeline

- 1. Verbal Report** – School staff members are required to make a verbal report on the same day the HIB is observed or information is received. The principal takes appropriate action to protect students and implement the BOE's HIB policies and procedures.
- 2. Parent Notification** – The principal informs parents of accused HIB offenders and targets. Parents are called the same day of the incident being verbally reported.
- 3. Written Report** – The staff member making the verbal report submits a written report within two (2) school days of the verbal report.
- 4. Investigation** - is initiated by the principal or school designee within one school day of the verbal report of the incident. The investigation is conducted and completed by the Anti-Bullying Specialist assigned to the case in coordination with the principal or the vice principal.
- 5. A written investigation** – is report is completed within ten school days of the written report. Principal or school designee will inform parents/ guardians
- 6. Investigation** must be given to the Superintendent within two days of completion.
- 7. Results** must be provided to the School Board by the time of the next Board meeting.
- 8. Letter-** Within five days of the Board of Education meeting, the parents are sent a letter regarding the outcome of the investigation.
- 9. Parents** can request a hearing in Executive Session after receiving all information. Hearing must be held within ten days of the request.

HIB Remediation

- Regardless of the result of the investigation, both the accused and the victim will be provided with counseling session(s) with a Child Study Team member, a Guidance Counselor, or the Student Assistant Counselor
- We understand that even though all of the “checkpoints” may not have been fulfilled to label the interaction as a HIB, the conflict may have been traumatic and have lingering effects on the students comfort at school

Conflict vs. HIB

Conflict	HIB
Equal power or friends	Imbalance of power, not friends
Can be fairly resolved by compromise and mediation	A fair resolution involves a change in the behavior of the bully; the target has no concession to make
Involves people with similar degrees of power	Involves a person or persons exerting their needs or interests
Equal emotional reaction	Strong emotional reaction from victim and little or not emotional reaction from bully
Efforts to solve the problem	No effort to solve the problem
Both parties are responsible for wrongdoing	Bully is responsible for wrongdoing
Is reciprocal; both parties contribute to the conflict	Is one-sided; one party instigates the target
