

Good Afternoon Students and Parents,

I hope this email finds you and your family well, especially now more than ever during these unprecedented times. In an effort to take a break from CO-VID 19 and on a much more positive note, we are looking to begin scheduling for next year. Spring is in the air and you are being promoted from Junior to a Full-Fledged Aviator. These are exciting times and we, in the Guidance Department, are ready to take flight with you!

Attached are a number of important documents that you will use as you begin to select the courses you are interested in taking during your Freshman year. The [2020-2021 Program of Studies](#) contains a wealth of information regarding all of the courses the High School has to offer. Please read this document carefully and pay close attention to which courses Freshman are eligible to take next year. It is imperative you read through each course description to identify which classes best suits your needs/interests.

Ms. Spataro, your school counselor, will begin building the course requests for next year but she needs your input on which electives you are interested in taking next year.

The [Freshmen Elective Course Selection Sheet](#) is where you will make those selections. Students are encouraged to select their top four (4) choices from the available electives. We will do our very best to schedule you in to your top two choices but please be aware that it is not guaranteed. Your third and fourth selections will be used as alternate courses in the event one of your top picks doesn't fit in your schedule. **The deadline to submit the Freshmen Elective Course Selection Sheet is Friday, April 3rd.**

Ms. Spataro will email home a complete overview of the courses you are slated to take as a Freshmen. Your final schedule will be made available to you at the end of this school year/summer going into freshman year depending on the completion of the Master Schedule.

If you have any questions or concerns, please feel free to reach out to Ms. Spataro via email.

Thank you, stay safe, and remember we are Aviator Strong!
