Dear Junior Aviator Family,

We had a great week at the Middle School. I would like to thank Mrs. Christianson and Mr. D'Amico for setting up our Character Education Day on Wednesday, for all 6th and 7th grade students, which was a huge success! Our students and staff had an amazing time interacting in each of our activities and it was a special day for everyone involved! Students also really enjoyed the guest speaker, Dr. Matt Bellace.

Also, a special thank you to Mrs. Calligy, along with the HS and MS staff, for making the PSAT a huge success in grades 8-11. We are excited that our Junior Aviators got to experience the PSAT assessment. We will distribute and explain scores when they are made available.
