“HOME OF THE JUNIOR AVIATORS!”

Mr. Joseph Mastropietro, HHMS Principal

Mr. Frank D’Amico, HHMS Vice Principal

Tuesday, January 25th, 2021

Junior Aviator Parents/Guardians,

We are in the process of reviewing and analyzing the number of in-person students that are currently in *Group A* and *Group B* as part of our Hybrid A- B model. In an effort to maximize our in-person instruction, we are looking to combine both the *Group A* and the *Group B* cohorts into (1) one group, which would then allow all of our “in-person” students to physically attend school five (5) days per week.

In an effort to gather the necessary data needed to **potentially** implement this new phase, please take a minute to complete the survey below by clicking on the link. It is **VERY** important that you let us know which option you would choose if we do move to this next phase (*Group A* and *Group B* becoming *Group AB*). We would look to make this change starting on Monday, February 8th, 2021.

Important to Note: If we do make this change (*Group AB*), it is important to know that whatever option you choose will remain until the end of Marking Period 3 on April 1st. **You will NOT be permitted to change during MP 3 until it ends on 4/1.** However, you will have the opportunity to move your child to in-person instruction at the start of Marking Period 4. If you do not answer the survey (and your child is currently a Hybrid A-B student), please understand that your child would then become *Group AB* as part of this change. Virtual students will remain Fully Remote learning from home all five days of the week. Again, we are looking to implement this starting on Monday, February 8th, and of course, more information will follow.

Please click here to complete the survey: [Middle School Survey](#)

We must have your response by Friday, January 29th.

I hope that you and your families are safe and well.

Respectfully,

Joseph Mastropietro

HEIGHTS: Where tradition and innovation take flight!
