## COSMETOLOGY PROGRAMS

At Parisian Beauty Academy, we prepare our students (or as we call them, Future Professionals) for careers in the beauty industry as licensed cosmetologists. Students are guided by our Learning Leaders through the Cosmetology program's three levels—Core, Adaptive and Creative—taking on more advanced techniques and building real-world skills and confidence as they move through each stage.

## THE ESTHETICS PROGRAM

Learn the science of healthy skin. We train you hands-on in classical professional techniques and skincare innovations and technologies—plus the business skills you'll need. From skin analysis, ingredient technology and prescriptive retailing to waxing and makeup techniques, our program offers preparation for a career as a skincare therapist.
