September Big Idea: **Trust**

Trust is putting your confidence in someone you can depend on.

Animal: Sea Lion Sea lions are sea mammals characterized by external ear flaps and long fore flippers. They have the ability to walk on all fours, have short, thick hair, and a big chest and belly. Mother sea lions trust each other to watch their young while they hunt in the ocean.

Color: Blue

Thank you to the PTA for donating Draw String Bags to the 4th Grade, to assist in their transitions from one class to another. We hope to have them by October 1st. Please Thank them at the September 24th Meeting!

STEAM is an acronym for the fields of Science, Technology, Engineering, Arts, and Mathematics. This has been an educational priority to prepare students for college in these fields. The Kindergarten and Second Graders are taking advantage of the South Bergen Jointure, Maywood Campus STEAM Lab. Students have an opportunity to complete hands on activities that support classroom lessons. Our students will not be entering the workforce anytime soon, however, we'll be ready when they do.
