HASBROUCK HEIGHTS SCHOOL DISTRICT

Director of Information Technology

The Hasbrouck Heights School District is seeking a highly motivated and experienced Director of Information Technology to lead and oversee all aspects of technology integration, infrastructure, cybersecurity, and support services across our PreK-12 schools. This position will report to the Business Administrator and Superintendent, ensuring that technology aligns with educational and operational goals.

The ideal candidate will have the following skills and attributes:

- Minimum of five (5) years of successful experience in a public school district technology leadership role.
- Formal training and/or relevant experience with computer technology, networked information systems, and cybersecurity best practices.
- Broad knowledge of instructional technology equipment and applications, online services, and technology integration across the curriculum.
- Demonstrated ability to develop and implement long-range technology plans, including budget analysis, infrastructure upgrades, and security enhancements.
- Strong understanding of data privacy laws (e.g., FERPA, COPPA) and best practices for safeguarding student and staff information.
- Experience supervising IT personnel and managing technology-related procurement, implementation, and support.
