| <h3>October Big Idea: Self-Control</h3> | <p>Our Lost and Found is growing! Please help us by labeling your child's garments so that we can return them when found.</p> |
| <p>Who is in charge of your actions and reactions? That's right. You are. Self-control means making conscious choices about how we respond to different situations. We have the power to exercise control over our actions and reactions. Self-control not only involves waiting for something but also doing so with a cheerful and positive mindset.</p> <p>Animal: Coyote- Coyote's demonstrate behaviors that could be interpreted as self-control in various situations. One situation where they exhibit self-control is in their hunting behaviors. They often stalk prey patiently, waiting for the right moment to strike. This demonstrates an ability to control impulses and time their actions strategically to increase the likelihood of a successful hunt.</p> <p>Color: Gray</p> |  |
