March Big Idea: Cooperation	Mrs. Werner reading a story at "Hoops & Books", a Kindergarten event to promote the love and importance of reading!
<p>Cooperation is like weaving a strong rope from many strands. Together, we can achieve far more than any one of us could alone. By pooling our strengths and talents, we become a formidable force, capable of overcoming any obstacle in our path. When we join forces and work together towards a common goal, magic happens. Each person brings something valuable to the table, contributing their unique skills and perspectives. By collaborating effectively, we can turn dreams into reality and create positive change in the world around us.</p> <p>Animal: The Javelina - Javelinas live in family groups known as "squadrons," where members cooperate to protect each other from predators and other threats. They use their keen sense of smell and hearing to alert the group to potential dangers, and they band together to fend off predators if necessary. By working as a team, they increase their chances of survival.</p> <p>Color: Charcoal</p>	

<p><i>Going Green</i> is collecting gently used clothing for the <i>Veterans of America</i> from Monday, March 17th to Friday, March 21st.</p> <p>Please ensure that all Jackets, Lunchboxes, and other personal items are labeled with your child's name on them so that we may return them once lost.</p>
