ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education authorizes the use of electronic surveillance systems in school buildings and on school grounds to enhance the safety and security for school district staff, pupils, community members, and other building occupants and to protect the school district's buildings and grounds.

The content produced by the surveillance system under certain circumstances may be considered a student record, in which it will be subject to the Board of Education policy and regulations regarding confidential student records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding, and the district declares such use to be a legitimate educational interest.

ADVERTISING ON SCHOOL PROPERTY

File Code: 1350

The Board of Education authorizes the sale of advertising space on the fences of school property (specifically fences on Hitchcock and Depken Fields) that are owned or leased by the Board in accordance with the provisions of N.J.S.A. 18A:39-31 and N.J.A.C. 6A:27-7.10, 7.11, and 7.12. The Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq., shall apply to any contract or agreement entered into by the Board for the purpose of placing advertisements on school property.

All advertisements shall require the prior approval of the Board of Education. The advertiser will be considered an independent contractor and shall not be deemed to be an agent, servant, employee, or representative of the Board. In the event the advertiser fails to provide service in accordance with the bid specifications and contract for advertisements, the advertiser shall be considered in breach of contract. Cancellation of the advertisement and/or enforcement of advertiser's performance bond may result.

The Board of Education reserves the right, at its discretion and at any time, to reject any advertising copy, whether or not it has previously acknowledged and/or advertised the exact or similar copy. No advertising space may be used or re-sold by the advertiser for the promotion, either directly or indirectly, of any business, organization, or enterprise other than the one defined in the original contract for advertisement. The advertiser will protect, defend, and save harmless the Board of Education from any suits or actions of every nature and description brought against it by reason of the advertisement.

The Board of Education will approve the specifications for advertisements that will include: advertisement material and colors; advertisement mounting procedures, if applicable; location of advertisements on fences; advertisement size(s); duration of advertisement contracts; and any other specifications for advertisements the Board deems appropriate.

In accordance with the provisions of N.J.A.C. 6A:27-7.11, the Board will not accept advertisements to be displayed or maintained on school grounds if the advertisement or information contained in the advertisement:

- 1. Is False, misleading, deceptive, disrespectful, fraudulent, or libelous;
- 2. Contains material or language that is obscene, profane, vulgar, offensive, or reasonably determined not to be in good taste;
- 3. Promotes unlawful or illegal goods, services, or activities;
- 4. Promotes gambling, the sale or use of tobacco or tobacco-related products, or the sale or use of alcoholic beverages;
- 5. Promotes the sale or use of products designed for use in connection with sexual activity;
- 6. Depicts or glamorizes violent or antisocial behavior, or sexual conduct;
- 7. Resembles a traffic control device;

- 8. Declares or implies an endorsement by the Board of Education; or
- 9. Is political, religious, issue-related, controversial in nature, or not age appropriate.

The Board of Education will not allow advertisements that disseminate, debate, or promote public issues. The Board has the authority to reject any and all advertising that it deems to be inappropriate or not in the best interest of the Board of Education, the school district, or pupils.

The Board of Education shall submit a report to the Commissioner of Education no later than June 30 of each year. The report shall include the total revenue earned by the school district as a result of the advertisements, as per N.J.A.C. 6A:27-7.13.
