DATE 11/1/2020 DATE 11/2/2020 DATE 11/3/2020

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

May cause mild irritation to skin and eyes. Ingestion of large amounts may cause gastrointestinal disorder, nausea, vomiting, diarrhea, or pain in the abdomen. Inhalation may cause moderate irritating to the mucous membranes. Inhalation of sprays may cause burning sensations in the respiratory tract, resulting in coughing.

Pesticide product label instructions and precautions related to Public Safety.

Causes minor eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating drinking, chewing gum, or using tobacco. Remove contaminated clothing before reuse. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals.

Note: as required by law, we are advising you of the following statement:

*The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:
"Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."*
